Matte Black

Brushed Gold

Brushed Bronze

PRODUCT SPECIFICATION:

- Easy installation
- For 3/8" tempered glass
- Max weight: 220LBS

Finishes Available

- 73" Stainless steel header track
- Fully frameless double sliding glass design
- Equipped rollers with anti-jumping device
- Adjustable rollers for smooth sliding
- Splash proof threshold to prevent water spillage (minimum threshold depth of 3 3/4 in. (95 mm) required)
- Optional 24" center to center towel bars

Optional Towel Bar

■ STREAMLINE SLIDING SHOWER DOOR SYSTEM

180-degree Streamline Series Sliding System has an entirely different look from traditional sliding systems. The use of minimal hardware provides a frameless look that gives the enclosure an almost floating appearance. Specially designed roller bearings allow for quiet and easy opening and closing of the door. One sliding panel and one fixed panel make the Streamline Series both practical and beautiful.

COVERT 144" SERIES SOFT CLOSE DOUBLE DOOR SLIDING W/ DOUBLE FIX PANEL

Side View of fixed glass panel u-channel adapter Installed (Sold Separately)

Our Fixed Panel Adapter Channel slides directly in the appropriate slot on the bottom of header track to secure fixed panels of glass

- Covert interior sliding glass walls are ideal for office fronts, conference rooms, bathroom and bedroom entrances, shower enclosures, etc.
- Glass panels held through high weight capacity pressure clamps with no glass drillings (use of tempered or laminated glass)
- Hydraulic soft-close feature prevents slamming
- Reduces noise
- Protects the glass
- 5-year warranty
- Tested to 100,000 cycles
- Soft closing sliding system for interior partitioning
- Soft closing technology ensures comfortable door operation, and allowing gentle opening and closing without shock or vibration
- Predrilled starter holes on centerline for easy mounting
- Ceiling mountable
- Surface mountable
- Glass mountable

■ COVERT 144" HEAVY DUTY SERIES SOFT CLOSE SLIDING SYSTEM

MAX WEIGHT- 330LBS!

- Single Door hardware kit
- Double Door hardware kit
- Fixed panel u-channel adapter 51"
- Track to glass adapters
- NEW-3/8" spacer filler 78-3/4" length

- Hydraulic soft-close feature prevents slamming
- Reduces noise
- 5-year warranty
- Tested to 100,000 cycles
- Predrilled starter holes on centerline for easy mounting

316 STAINLESS STEEL 2" DIAMETER BY 1 3/4" LONG STAND-OFFS

Standoffs are perfect for attaching heavy glass, granite, and marble to the top of cabinetry. They can be mounted using the 3/8"-16 thread allen screws, threaded rods, or hanger bolts. They are 3/8"-16 threaded up to 1" (25.4 mm) deep at both ends.

CARBIDE TILE / GLASS DRILL BITS

- Carbide spear point with uniquely sharpened edges for easy penetration in glass, mirrors, ceramics and other hard brittle materials like stucco
- Cuts perfectly round holes without chipping or breaking the material
- Spear-pointed tip design reduces breakout and the bit features a carbide tip for extended bit life

SGS Flux Designer Sliding System will provide an exceptionally smooth ride and travel as well as an aesthetic modern touch to your home or business. The rail system works with a 1" stainless steel tube which delivers improved performance and aesthetic.

It can be used with materials such as glass or wood depending on the environment. This system is ideal for closet doors, bedrooms, bathrooms, office and more. We invite you to browse our site. We believe you will find the right solution to your needs. We offer kits for Flux Sliding System features.

■ FLUX SERIES INTERIOR BARN DOOR HARDWARE

Flux Sliding System Features:

- Anti-lift features for added safety
- All 316 alloy brushed stainless steel construction
- Ideal for interior applications
- For use with 3/8" tempered glass
- Maximum door weight: 220 lbs.
- Maximum panel width: 53-1/2"
- Maximum panel height: 98-7/16"
- Maximum track length: 105"

SHOWER DOOR SEALS, WIPES AND STRIKES

PART PVC-60T

SGS Clear Plastic L-Seal adheres to the glass or wall. Simply peel back the pre-applied tape lining and install. Soft bumper on seal provides quiet door closure.

PART PVC-70SLD-3/8

PART PVC-14SL-3/8

Versatile seal can be used as bottom sweep, it can be used vertically behind the hinged doors to help prevent water leakage, and it can also be used for 135° neo angle showers.

PVC-26-1/2

**SGS Polycarbonate soft Leg H-Jamb
180-degree for 1/2" Glass**

This SGS 'Y' jamb seal strike jamb with firm/soft leg is for use on 180-degree inline glass-to-glass applications. Snaps onto the fixed panel with the lip on the strike side.

The 'u' portion is rigid, and the single leg is firm/soft to cushion the closing and does not allow door to swing in. Snaps onto fixed panel in line with the door.

SHOWER DOOR SEALS, WIPES AND STRIKES

PS-13-381

Quatro Sliding System Seal

SGS 3/8" Polycarbonate U with 90-degree Vinyl Fin seal

SGS Polycarbonate 'U' with 90-degree Vinyl Fin seals multiple uses include applying to the sliding door or fixed panel of a Quatro Sliding System, or as a 90-degree seal for a fixed panel meeting a door at 90-degree.

PVC-07-3/8

SGS Clear Co-Extruded Bottom Wipe with drip rail for 3/8" Glass

The SGS Clear Bottom Wipe with drip rail snaps onto bottom of door. The soft wipes on bottom create a water-resistant seal. 45-degree drip rail sheds water back into the shower.

PVC-07-1/2

SGS Clear Co-Extruded Bottom Wipe with drip rail for 1/2" Glass

The SGS Clear Bottom Wipe with drip rail for 1/2" thick glass snaps onto bottom of door. The soft wipes on bottom create a water-resistant seal. 45-degree drip rail sheds water back into the shower.

SHOWER DOOR SEALS, WIPES AND STRIKES

PVC-24

**SGS Translucent Vinyl Bulb
Seal for 3/8 Glass**

The SGS Clear Polycarbonate 'U' with bulb attachment is a versatile seal that can be mounted to the edge of a door or panel for a variety of installation configurations. The soft bulb portion of the seal allows doors to swing both in and out of the enclosure if desired.

PVC-24-1/2

**SGS Translucent Vinyl Bulb
Seal for 1/2" thick Glass**

The SGS Clear Polycarbonate 'U' with bulb attachment for 1/2" thick glass is a versatile seal that can be mounted to the edge of a door or panel for a variety of installation configurations. The soft bulb portion of the seal allows doors to swing both in and out of the enclosure if desired.

SHOWER DOOR SEALS, WIPES AND STRIKES

PVC-50

PVC-50

For 1/4" to 1/2" Thick Glass

This SGS Clear 'L' Angle Jamb is used for both hinge and strike jambs. It can be adhered to the wall or a fixed panel using clear very hi-bond tape. It is commonly used as a jamb for neo-angle installations when a clean look is most desired.

PS-13

SGS 3/8" Polycarbonate U with 90-Degree Vinyl Finseal

SGS Polycarbonate 'U' with 90-degree vinyl fin seals multiple uses include applying to the sliding door or fixed panel of a streamline sliding door system, or as a 90-degree seal for a fixed panel meeting a door at 90-degree.

PVC-04

SGS One-Piece Bottom Rail With Clear Wipe for 3/8" Glass

This SGS One-Piece Bottom Rail is snapped on the bottom of the door to achieve a seal, because it is a single-piece sweep, it means the vinyl seal that hangs down from the sweep will firmly direct the water back into the shower enclosure.
